oh Marina Ovsyannikova
Oh Marina, you courage showed your love
and your black eyes told us enough.

were the announcement of Putins lies were told.
There is this Lady the showed the messages
of truth and peace for the Ukraine.

REF

Her father is from Ukraine, her mother is Russian.
They were never never enemies.
And her neckless is a symbol
of brotherly nations who can live in peace.

REF

She says: „The Russians are wise and proud.
And it is their task to stop this madness.
So come out to protest.
And do not be afraid.
They cannot put everybody in jail.“
